L&D function setup planner

Six steps to set up training in a growing organisation. Tick each item and note owners and dates.

1. Listen before you build

- [ ] Interview leaders about priorities
- [ ] Ask managers where teams struggle
- [ ] Short staff survey or listening sessions
- [ ] List problems that are not training problems

2. Cover the must-haves

- [ ] List all mandatory training
- [ ] Record who has completed it
- [ ] Note renewal and expiry dates
- [ ] Agree who follows up

3. Agree what good looks like

- [ ] Choose two or three key roles first
- [ ] Four to six observable behaviours per role
- [ ] Describe each at entry and experienced level
- [ ] Review with managers

4. Plan the year

- [ ] Map priority sessions by month
- [ ] Leave about a quarter of the year open
- [ ] Share the calendar with managers
- [ ] Book facilitators and rooms early

5. Choose tools last

- [ ] Course catalogue
- [ ] Enrolment
- [ ] Completion reports
- [ ] Add features only when needed

6. Show what changed

- [ ] Follow-up survey after key sessions
- [ ] Manager check-in after a few weeks
- [ ] Two or three examples of changed practice
- [ ] Short report to leadership
